COMPLEMENTI D'ARREDO IN METALLO NOBILE

In Officine Meccaniche Porro, oggi come nel 1946, anche il più piccolo dettaglio deve essere fatto al meglio e con i migliori prodotti utilizzabili.

Il marchio Alfredo Porro, dedicato al nostro fondatore, contraddistingue la nostra produzione di complementi per mobili, tende e scale in cui la qualità delle materie prime, la funzionalità e l'aspetto decorativo raggiungono livelli estremamente elevati.

Oggetti curati nel dettaglio, solidi e destinati a durare nel tempo e un gran numero di referenze, di stili, di materiali e di finiture che possono soddisfare ogni esigenza e completare, coerentemente, la nostra offerta di maniglie.

Tutti i complementi per mobili, tende e scale della linea Alfredo Porro, come tutta la produzione Officine Meccaniche Porro, sono garantiti 100% Made in Italy.

BRONZO: UNA MATERIA SENZA TEMPO

Ancora una volta la creatività e il know-how dell'azienda di oggetti in metallo nobile Alfredo Porro ha dato vita a una linea di eccellenza dai dettagli Haute Couture: BRONZO.

Grazie alla visione creativa dell'architetto Alessio Rigamonti, il bronzo ha trovato una nuova forma e attraverso personali riflessioni sul lusso di certi bijoux è nata un'insolita collezione di maniglie.

Quattro modelli ispirati a nobili cannage trapuntati (Moda), giochi d'acqua liberamente reinterpretati dai tondi di certi orecchini (Aqua) e creazioni che portano caldi bagliori con riflessi dalle sfaccettate superfici (Africa) o che si svelano in una preziosa espressione materica (Traccia). Maniglie-gioiello da toccare e usare malgrado il loro forte valore simbolico dalle finiture artigianali che vogliono farsi notare per il loro connubio fra un'esibita femminilità e design funzionale.

DESIGN ACCESSORIES IN NOBLE METAL

Today, as in 1946, in Officine Meccaniche Porro even the smallest detail has to be perfect and produced with the best material available on the market.

Our brand Alfredo Porro is dedicated to our founder. The Alfredo Porro products - furniture accessories, curtains and staircases - stand out for the quality of the raw materials, their functionality and decor that reach extremely high levels.

Design complements are very detailed, timeless and versatile pieces designed in different styles and with multiple references. Materials and finishing could meet any expectation and complete our range of handles.

All the accessories for furniture, curtains and stairs by Alfredo Porro, like all the Officine Meccaniche Porro catalogue, are 100% Made in Italy.

BRONZE: A TIMELESS MATERIAL

Once again the creativity and know-how of the Alfredo Porro has given life to a line of excellence which has Haute Couture details: BRONZO.

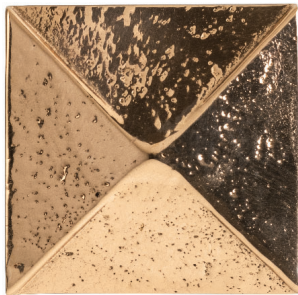

Thanks to the creative vision of the architect Alessio Rigamonti, (the) bronze has found a new shape and through personal reflections about the luxury of certain bijoux an unusual collection of handles was born.

Four are the models: Moda is inspired by a noble quilted cannage, Aqua by the watery rounds of certain earrings and Africa brings warm glow and reflections from the faceted surfaces while Traccia reveals the best expression of this precious metal. Jewel-like handles to be touched and used despite their strong symbolic value and handcrafted finishes. All created do who wants a combination of an exhibited femininity and functional design.

BRASS представляет эксклюзивную, аутентичную и неповторимую коллекцию ручек из натуральной бронзы.

Они производятся вручную по старинной и уникальной технике литья «в землю». Ручки драгоценные, как ювелирные изделия из антикварного салона, и двух одинаковых экземпляров Вы точно не найдёте.

Эти ручки могут быть изготовлены в двух видах покрытия, исключительно “под заказ” для каждого клиента индивидуально.

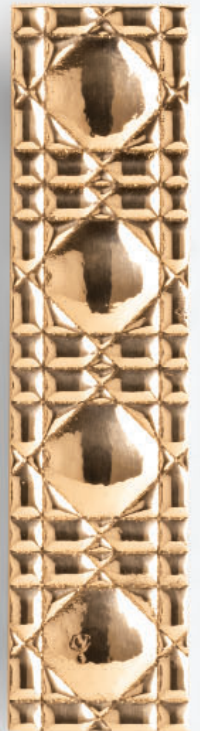

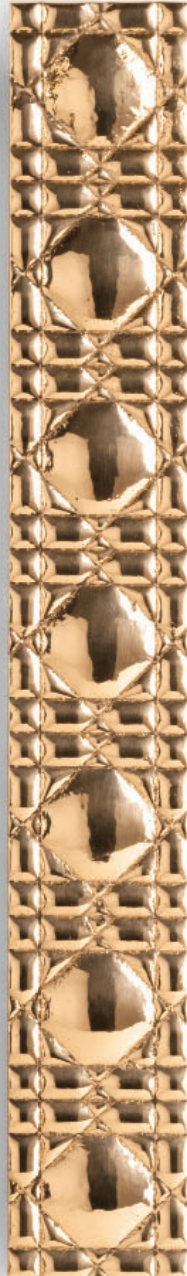

В коллекции представлены 4 «образа»: Aqua, Africa, Traccia и Moda. Создал эти великолепные творения итальянский дизайнер Alessio Rigamonti и рассказал, что его вдохновило.

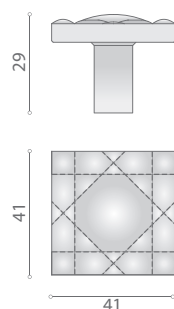

Это яркий пример того, как можно повседневные вещи превратить в дизайнерский шедевр!
